Web conferencing for non-profits

Are you ready to harness the full power of online communications to do more good in the world?

GreenIT offers affordable access to Blackboard Collaborate, a multi-featured web conferencing tool.

Blackboard Collaborate will change your life for the better by improving workplace communication and making collaboration easy and fun. Use it to:

• **host** interactive sessions for staff, board, partners - it's the next best thing to being together in person
• **build** knowledge and capacity through e-learning
• **deliver** dynamic multi-media presentations

Blackboard collaborate™ » an industry leader

Blackboard is a leading provider of online learning software to educational institutions across North America. GreenIT has developed a unique partnership to make this powerful tool available to Canadian non-profits at low cost.

Features include:
• slide shows, PDFs, audio, video content
• one-click recording
• up to 1,000 participants
• free access for anyone online
• screen-sharing, whiteboard
• powerful moderator tools, breakout rooms
• chat box (group, private)
• and more …

Compatible with iPads and iPhones! Free app!

"We use Blackboard Collaborate every day. It's made an incredible difference to our organization, so we know what a difference it can make for you."
-Clifford Maynes,
Green Communities Canada

"For our webinar series, Green Teacher chose Collaborate as the platform and never looked back. Collaborate has been a game-changer for how we engage youth educators, enabling us to deliver highly interactive experiences that leave participants energized and enthusiastic."
-Tim Grant, Green Teacher

"GreenIT provided us with the training to use this new tool and held our hand through the inevitable hiccups along the way, even signing in to our webinars to help us troubleshoot our first few sessions. Their support was invaluable."
-Christina Pickles,
Alberta Council for Environmental Education

A package deal

Most web conferencing tools are pay-as-you-go. Our year-by-year subscription packages provide you with unfettered access to your own private web conferencing room, any time of day or night.

No need for pre-booking. And there's no additional cost, regardless of how often you use the system. You are free to explore all the ways this technology can help you do more good in the world.

The packages

Bronze: 1 room, 2 presenters, 5 hours of support, $1250/yr plus $250 start-up

Silver: 3 rooms, 5 presenters, 10 hours of support, $2000/yr plus $500 start-up

Gold: 5 rooms, 7 presenters, 15 hours of support, $3000/yr plus $500 start-up fee

Support

- as needed from $90 per hour
- 5 hour package for $350 (30% discount)
- 20 hour package $1200 (40% discount)

Blackboard Collaborate will change your life:

✓ improve information-sharing

✓ build group cohesion

✓ save on travel time, costs, and emissions

✓ include distant presenters, audiences

✓ improve project management with offsite team members

No more teleconferencing: Add dynamic live presentations. See who is on the call and who is speaking. Share chats. Record sessions.

e-learning

We can help you put your training program online. Reduce costs. Increase your reach. Include presenters from other provinces or countries. Call us for a custom quote.

Non-profit to non-profit

GreenIT is a social enterprise created to help non-profits make effective use of information technology.
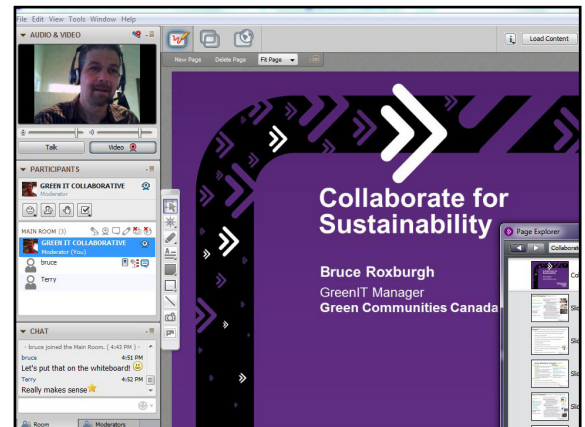

GreenIT is a division of Green Communities Canada, a national association of community organizations that help people go green in their homes and communities.
